

Migration Warning Signs

If you see these things being offered, be careful!
They are traps and not true.

- > Offering to take you to Europe for a fixed sum of money.
- > Promises of work that will pay you a lot of money.
- > Promises of arranging to get you a visa.
- > Scholarships that do not ask for your academic qualifications.
- > Travel agency offers that change based on what fee you can pay.
- > Anything that sounds too good to be true.
